

# HUSKYLOCK

936, 910 and 905 - Good friends work great together

936

Your **HUSKYLOCK** and Husqvarna Viking sewing machines are like **needle and thread**. *Combine the versatility of your sewing machine with the speed and professional finish of a Husqvarna Viking Huskylock for unlimited creativity. This brochure will help you find your favorite Huskylock friend – the 2, 3 and 4-thread Huskylock 910 or 905 or the 5-thread Huskylock 936 with cover stitch.*

910

*The Huskylock 936 and 910 feature the exclusive Sewing Advisor. The Sewing Advisor on the Huskylock 936 instantly sets the best stitch length and differential feed. The Sewing Advisor on the Huskylock 936 and 910 recommends thread tension, needle positions and more for perfect results. Simply enter the weight and type of fabric you are sewing and the technique you want to sew, the rest is recommended or set, all at your fingertips.*

905

A friend is a friend forever.

Play with Huskylock chain stitches to create a luxurious designer look to your garments.

## **DAZZLING RESULTS BEFORE YOU KNOW IT!**

All three Huskylock models feature 3 and 4-thread capabilities for seaming and overcasting wovens and stretchy knits really quickly and easy. Use a 2-thread stitch to finish sheers and other lightweight fabrics. For a decorative touch, try rolled edges or flatlocks – like Kristin did on her skirt and top!

With the 5-thread Huskylock 936, you can sew a cover stitch for professional hems, decorative sewing and even quilting. The chain stitch allows you to sew large Home Dec projects quickly and neatly, embellish with decorative threads or baste with ease for dressmaking and decorations. Best of all, the Huskylock 936

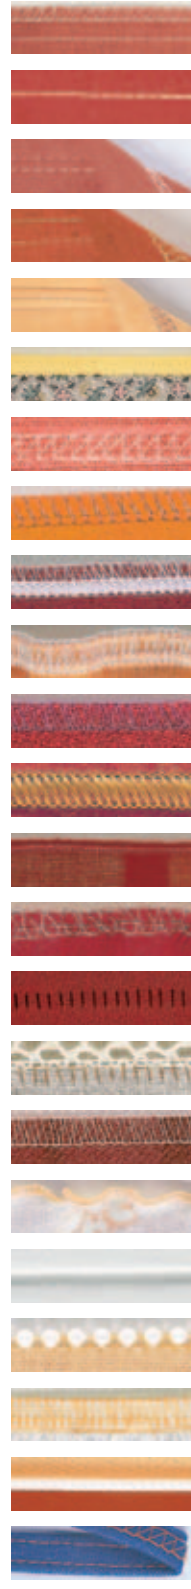

The Sewing Advisor on Huskylock 936 instantly sets the best stitch length and differential feed, recommends thread tension, needle positions and more for perfect results.

\*Read more about optional accessories on back cover!

sews a 5-thread overlock stitch, the industrial standard used for seams in ready-to-wear fashions. Select the stitch you want with the touch of a button!

**Even results for any technique on any fabric**

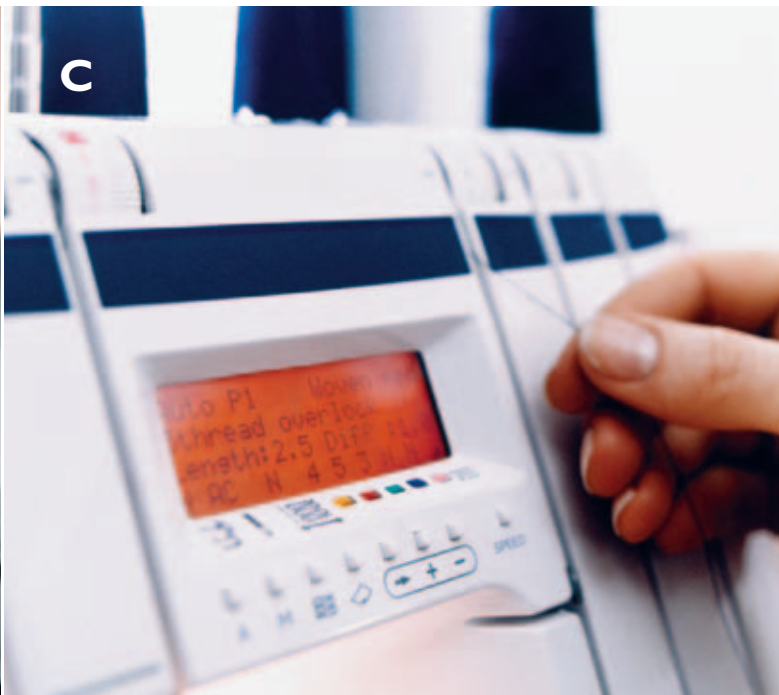

Overlock without no waves or puckers on knits and specialty fabrics thanks to the differential feed found on all three Huskylock models. The Sewing Advisor on model 936 sets your differential feed automatically.

## HUSKYLOCK HAS YOU COVERED

**A:** Overlock stretch fabric with perfect results thanks to stitches that stretch. **B:** The slim free arm makes it easy to handle ribbed cuffs, collars, hems, kids clothing and other circular projects. Electronic speed control allows you to overlock at any speed with full needle piercing power. **C:** Threading is fast and easy with lay-in tensions, color-coded thread guides inside the front cover and one step lower looper threader. A special thread guide for decorative threads makes it easy to sew ribbons, decorative trims and other special techniques. The Sewing Advisor info display on model 936 and 910 gives you all of the information you need for perfect results.

**D:** For piecing quilts, set your Huskylock to a perfect scant 1/4" seam allowance and begin sewing. You'll never run out of bobbin thread. The extra presser foot lift makes overlocking extra thick layers easy.  
**E:** Combine the speed and professional finish of your Huskylock with the versatility of your Husqvarna Viking sewing machine for unlimited creativity. **F:** The Huskylock sews, overcasts and trims the excess seam allowance perfectly in one process!
